

INSTRUCTIONS:

In order to use your FSA or HSA funds for the purchase of Bonafide's products, please have your health care provider complete this form.

Some medical services and products are only considered eligible expenses when a doctor or other licensed health care provider certifies that they are medically necessary. Bonafide products may fall under this category. If you have questions about product eligibility we recommend contacting your insurance carrier directly to confirm.

Keep this form, along with a record of your medical visit and your Bonafide receipt as proof of eligibility in the case of an IRS audit. Each year you will need to renew this form with your healthcare provider.
